

The Head-Start Program Exclusively from DCP

Trade Shows • Buyer Presentations • Photography • Catalogues • Department Meeting • Focus Groups • Production Planning • R&D

The HEAD START Packages

These packages are intended to help speed-up what can be a long and tedious process.

The benefits go far beyond a faster way to market - *and sales*.

With production quality samples in hand, you will be ahead of the pack and your customers will get to see and touch a finished product long before production begins. The preliminary work will be completed when you are ready to place the mass production order.

- **Natralock Single Blister Package: \$ 395.00**
- Includes: Card dieline, 1 blister tool, 3 prototypes
- **Natralock Double Blister Package: \$ 495.00**

- Includes: Carton dieline, 3 prototypes
- **Folding Carton Package: \$ 295.00**
- Includes: Carton dieline, 3 prototypes

Tooling

Production tooling charges are satisfied with a Head Start Program if there are no changes made to that tooling.

Pre-Press

Pre-Press is not charged for the Head Start prototypes. Standard Pre-Press charges will apply with a production order.

Delivery

Allow 3 weeks from approved art and project PO. Freight charges are not included.
